REMARKS

The application has been amended to more precisely define the invention and advance the application to issue. The term "hydrofoil" has been replaced by the term "ski", as agreed at the interview to better describe the apparatus with terminology already in use in a cited prior art patent. No new matter has been added by this amendment, just a change in terminology.

In view of the foregoing, allowance of the claims and passing of the application to issue is respectfully solicited. If there are any comments, questions or suggestions to be made, the examiner is respectfully invited to telephone the applicant's representative at the telephone number given below for prompt disposition of any still outstanding matters. Reconsideration is respectfully requested.

Respectfully submitted,

Alvin S. Blum
